

# 2011 Military Health System

## Conference

Track K: Improving Effectiveness,  
Managing Per Capita Costs Incentives  
and Fiscal Results

The Emergency Department Epidemic -  
Introduction

*The Quadruple Aim: Working Together, Achieving Success*

# Supports Advancement of the Quadruple Aim

## Per Capita Cost

- Creating value by focusing on quality;
- Eliminating waste, and reducing unwarranted variation;
- Considering the total cost of care over time, not just the cost of an individual health care activity.

# Strategic Alignment

- Improving Effectiveness, Managing Per Capita Costs
  - Session provides:
    - Strategies and initiative updates.
    - Actionable recommendations that participants can leverage to help manage, reduce costs and improve beneficiary care experience.
    - Repeatable data analysis and reduction of business process variation strategies.
